

Hello 2B,

I hope that you are all staying safe and well at home with your families. I have missed seeing you all in class and watching you all learn and grow, but hope that you are all enjoying the time at home and spending quality time with your families. You had all worked so hard and were making super progress during this year.

I'm sure you are all working hard and I hope you are enjoying the lessons and activities we are sending. I have loved seeing some of the amazing rockets you have made and reading the messages about super Maths work being done. If you haven't sent a picture of your creations or a message to me yet it would be lovely to see them! Send your email to hello@gig-mill.dudley.sch.uk and make sure you put Y2 in the subject box.

As well as completing the work, I hope you are taking the opportunity to play lots, making up new games and using your imaginations to be creative. It really is a great chance to learn about things you are interested in and design and make artwork and crafts. I've been trying to learn new songs to play on the guitar, are there any new skills you have learnt?

Even though we are limited to the amount of time we can go outside I hope you are all exercising and keeping active at home, remember there are lots of great workout videos and yoga lessons to inspire you!

Hopefully we will all be together again soon.

Stay safe and keep smiling

Mr Bottoms 😊
