

Academic Year 2020/2021

Dear Parent/Carer,

Data Protection Law

In order to comply with Data Protection Law, we require consent from you for your child to have access to on-line applications. These applications are resources we already use in school but with the changes to Data Protection Law, we now need you to give your consent for these.

Therefore, please read the attached Information Society Services (ISS) Consent Form. You will need to mark the boxes with an **X** to **OPT IN**.

Please return the completed and signed form to school.

Yours sincerely,

Mrs A. Hannaway
Headteacher

YourIG

Bringing Information Governance solutions to you.

Information Society Services Consent Form

Information Governance (IG) Services.

YourIG

Gig Mill Primary School

Under new Data Protection Law requirements, where a school provides pupils with the opportunity to access an on-line application, an adult with parental responsibility must provide consent for processing if the child is under 13. This is required where children's personal information is used for creating online user profiles to assist in education and monitoring pupil progress.

Within the school we use a number of Apps. These are contained in our Privacy Notice for pupils.

In order to comply with Data Protection Law, explicit consent is required for your child to have access to each of these Apps. Please indicate your consent to each individual App and then please sign and date the form

Name & Description of App	Personal Data	Benefits	To Opt In (please X)
Micro Librarian provides a secure online central location in the Cloud to store the school's physical library stock	Pupil information to set a record for each pupil	Enables children to borrow books from the school library	
Mathletics provides a wide variety of curricular activities and courses which can be tailored to individual students' abilities	Pupil information to set a record for each pupil	Enables children to access homework tasks and practise mathematical skills using a range of games to consolidate learning	
RM unify provides a platform that hosts third party apps	Pupil information to set a record for each pupil	Enables children to access apps e.g. Education City, Espresso, Scratch – all of which are used routinely in school	
Times Tables Rock Stars is a sequenced programme of daily times tables practice	Pupil Information to set a record of each pupil	Children play games individually and against other children to practise and consolidate their Times Tables.	
Purple Mash provides a range of online creative tools, curriculum focused applications and resources to support and inspire pupils and teachers throughout the curriculum	Pupil Information to set a record of each pupil	Children access a range of online tools in school to enable them to take part in Coding, Word Processing and Spreadsheets, as part of the computing curriculum	
Sumdog provides a wide range of mathematical games, tailored to individual children, to motivate children to work on maths	Pupil Information to set a record of each pupil	Children can play mathematical games and take part in competitions to improve their mathematical ability	
Spellzone provides a wide variety of curricular activities and courses which can be tailored to individual students' abilities	Pupil Information to set a record of each pupil	Children can play games to practise key spellings at their own pace	
2Simple provides a range of online creative tools, curriculum focused applications and resources to support and inspire pupils and teachers throughout the curriculum	Pupil Information to set a record of each pupil	Teachers create on-line learning journeys, recording pupils' work, photographs and learning to share with parents	

You do have the right to withdraw consent at any time by writing to the Headteacher

If you need clarification or are concerned about the use of your child's personal data contact the school.

Name of child/young person _____ Year group _____

Signed parent/carer _____ Date _____

Please note that under the GDPR that consent will need to be reaffirmed by the child when they become competent to provide their own consent. In the context of Information Society Services (online service) this is when the pupil reaches the age of digital consent which is 13.

In practice this consent will be obtained when the pupil accesses the application.
