

10th July 2020

Dear Parents and Carers,

As you will be aware from my earlier message on the website, we were planning for the children to start next year with their current teacher, and then complete our usual July handover in September, however the new guidance does not now allow for this to happen. Further guidance is due to be released on August 1st 2020.

At the end of this week your child would usually meet their class teacher and spend some time in their classroom. In these unprecedented times dealing with COVID19 we are having to change all our usual transition processes. You will notice that this week (and next week) on the home learning there is a planned transition activity for everyone, and we will let you know more detailed arrangements for September as soon as possible, please check the website.

In depth planning and detailed risk assessments will be completed over the coming weeks in conjunction with the Local Authority, however this has been delayed.

Good news – that hopefully, via messaging service, email or post you will have be now received details of your child's new class teacher for September 2020, and your child's report.

Looking forward to seeing you all back, take care and stay safe,

Yours sincerely,

Mrs A. Hannaway
Headteacher
