

This is an overview of the main areas of learning in Year 3 for this week which will link to the learning going on in school.

Year Group: Year 3

WEEK BEGINNING: 08.03.21

**Maths**

This week we will be looking at revisiting place value using [Oak Academy](#), start on lesson 1 and complete a new lesson every day.

Challenge:

1) Look at these digit cards: **6 1 7**

a) What is the smallest number you can make that uses all three cards?

b) What is the greatest number you can make that uses all three cards?

c) Using all three cards, how many different numbers can you make? Write them below.

d) How do you know that you have found all the possible numbers?

1) Look at these digit cards. **8 0 4 1 2 7**

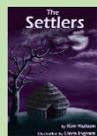

I'm thinking of a 3-digit number that has 4 tens.  
Its hundreds digit and ones digit make 8 when added together.  
None of the digits are zero.  
It is greater than 500.  
What is my number?

**Fluency:**

Have fun playing [Daily Ten](#), you could start on level 3, partitioning using three digit numbers.

Practise your x3 and x6 tables- you could use your Rolling Numbers songs and [TTRockstars](#) to help.

**Irresistible Learning:**

**History:** This week we are learning about cave paintings, [watch](#) this short video and find out some information about cave paintings. Check your 2Dos and read the final chapter of 'The Settlers' then answer the multiple-choice questions. This task can also be found in Purple Mash-topic-Stone age-settlers.

**Science:** Take some time to look outside and find some signs of Spring. Can you see any plants that are starting to grow? Can you see any other changes that are taking place? You could draw a spring picture of what you can see. Think about how we feel when the seasons change, what are you looking forward to as we move from Winter into Spring? You could write down these feelings and add them onto your picture.

**English**

**Oak Academy:** [This week we will complete the unit on Explanation texts called 'How Bees Make Honey'](#) (lessons 11-15) Complete a new lesson every day.

**Writing challenge:** Watch the video of the book [The First Drawing](#). Imagine that you were born before the invention of drawing, what would it be like to see pictures all around you but nobody else understands you? You could write a story where you are the first person that paints on the cave wall. Take a look around you, can you see pictures or art in the clouds, shadows or colours?

Draw what you can see and then use your pictures to tell your own story. You could use the 2Do task that supports this and add it to our year 3 display board.

**Phonics/ SPaG:** This week we will be looking at the suffix **sion**. Check your 2Dos for a quiz to complete.

**Reading:** [Have some fun logging on to Bug Club and see what books you have been given to read.](#) Remember you can also access the online edition of First News. Ask a parent or carer to fill in this [form](#) to get free access to the newspaper.

You can still listen to these [audio books](#) from the World Book Day website, why don't you have a listen to a different author?

**Wellbeing:**

This week, we want to take time to think about some of the positives from the time we have had recently.

- Use a real jar or create your own picture of a jar like the one in this picture. Decide on your theme – *jar of laughter, jar of hopes and wishes*. Decorate your jar and add ideas to your jar that remind you of positive feelings you've had and happier times still to come this year.

Make your own mindful minute bookmark using ideas [here](#). Focusing on your senses can help to restore a feeling of calm when you are anxious or worried.
